Impression Packages

What is an impression?
An impression is when a website visitor sees an advertisement. In practice, an impression occurs any time a user opens an app or website and an advertisement is visible to them. So if you purchase a 25,000 impression package, your four ads will remain on the website until they have cumulatively been viewed 25,000 times by website visitors.

An advertorial is an advertisement in the form of editorial content. Results from recent studies are showing a trend that Americans think advertorials, also known as sponsored content, or native advertising content — add value to a digital content. This is especially true when the content is relevant, authoritative and authentic.

With an advertorial, you have complete control over the content, obtain credibility based on the NADP audience, you increase readership (both time spent with and awareness of your message) because your advertorial has created “content” which is more likely to be taken into account than a traditional ad.

When marketing through the use of an advertorial, you have more time and space to go into depth about the merits of your product or service and through the use of the blurring of “content” versus “advertising” readers are more likely to bestow import on the message because of the format of the writing. This also translates to better response and better revenue realized from a direct call to action that is inherent in the advertorial format. Also, the readers who do respond tend to come from a different orientation because they are already better informed about the merits of your product or service through the informational, editorial based message you are conveying.

Submission Deadlines

Artwork is due to 15th of each month. If the 15th falls on a weekend please submit that following Monday. Submit all ad artwork to loakley@nadp.org.

Note: will not publish advertorial until NADP has received a signed agreement and full payment for contract.

Content Requirements:
- 100 words max.
- Include a link for [read more] / [learn more]
- Send any images you’d like to accompany the advertorial. Will be sized down for layout.
- Content may be edited to fit AP style.
- See example of an advertorial on the next page
Advertorial Placement. Requirements include: 100 words max by the deadline then the link you’d like to link [read more] to; Send any images you’d like to accompany the advertorial blurb. Will be sized down for layout; Content may be edited to fit AP style.

TILE ADS. 200 pixels wide no more than 350 pixels tall. When placing an advertorial or tile ad in the Monthlybyte, you will receive a report 2 weeks after the Monthlybyte is sent of who exactly clicked on your content and their contact information to follow up on leads.

NOTE: 2nd position and 3rd position are the same price.

NADP Graphic design services: $150 per ad (one-time fee).
DIGITAL RETARGETING

What is Retargeting?
Retargeting works by keeping track of people who visit our sites and displaying your retargeting ads to them as they visit other sites online. Retargeting keeps your brand front and center. Every time a CONVERGE attendee (or nadp.org visitor) sees your retargeting ad, your brand gains traction and more recognition. The click-through rates and increased conversions that are typical with retargeting campaigns underscore the value of good branding and repeated exposure.

How Does it Work?

1 A dental benefits industry executive and potential customer visits any NADP website.
2 The campaign is activated, and viewers are now “cookie” to allow for your brand’s ads to be displayed on other sites.
3 Your ads are served to potential customers on thousands of websites they visit in their normal online daily browsing.

The National Association of Dental Plans (NADP) seeks to inform its members and consumers of products and services that assist the promotion and advancement of the dental benefits industry to improve consumer access to affordable, quality dental care. Therefore, NADP welcomes advertising that furthers this goal. The following standards apply to all advertising that shall appear on NADP websites and communications:

NADP reserves the right to accept or reject advertising at its sole discretion for any product or service. The inclusion of an advertisement is not to be construed or publicized as an endorsement or approval by the NADP, nor may the advertiser promote that its placement of advertising is tantamount to approval or endorsement by NADP:

1. The advertisement of products, services, or companies on NADP material that are not endorsed by the NADP are subject to final review and approval.
2. First-time advertisers must receive final review and approval.
3. The advertisement will not be acceptable if it conflicts with or appears to violate NADP policy, the NADP Mission, or NADP Bylaws.
4. The advertisement shall not include claims that are not subject to independent verification or that are false, misleading, or deceptive.
5. The technical and aesthetic quality of the advertisement shall be in keeping with the standard required by NADP as evidenced by those advertisements previously placed in the past.
6. NADP will not allow comparative advertising.
7. The advertisement must not demean the dignity of the dental benefits industry nor promote a product or service that is detrimental to the dental health and safety of consumers.
8. The advertisement shall not use the name of the NADP, any NADP council or volunteer group, or NADP member without prior written authorization.

NADP acknowledges and appreciates the extra effort put forth by advertisers in complying with the advertising standards and policies of the Association. In light of the great effort a manufacturer may undertake in developing advertising campaigns, advertisers are encouraged to forward proposed advertisements in rough form, thereby minimizing any inconvenience caused by the review of advertising messages. The purpose of these advertising standards is to advise potential advertisers of the requirements to assure fair and uniform application. These standards shall be implemented and interpreted by NADP. The NADP will periodically review its advertising standards with the objective of keeping pace with changes that may occur in the dental benefits industry. It is hoped that this practice of continuous review and reevaluation will improve and ensure the relevancy, timeliness, and appropriateness of the advertising content.

BEFORE SIGNING AN ADVERTISING CONTRACT WITH NADP, YOU WILL BE ASKED TO AGREE THAT YOU HAVE READ AND UNDERSTAND THESE NADP ADVERTISING STANDARDS.
