Subtitle B—Available Coverage for
All Americans

SEC. 141. BUILDING ON THE SUCCESS OF THE FEDERAL
EMPLOYEES HEALTH BENEFIT PROGRAM SO
ALL AMERICANS HAVE AFFORDABLE HEALTH
BENEFIT CHOICES.

(a) FINDINGS.—The Senate finds that—
(1) the Federal employees health benefits program under chapter 89 of title 5, United States Code, allows Members of Congress to have affordable choices among competing health benefit plans;

(2) the Federal employees health benefits program ensures that the health benefit plans available to Members of Congress meet minimum standards of quality and effectiveness;

(3) millions of Americans have no meaningful choice in health benefits, because health benefit plans are either unavailable or unaffordable; and

(4) all Americans should have the same kinds of meaningful choices of health benefit plans that Members of Congress, as Federal employees, enjoy through the Federal employees health benefits program.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that Congress should establish a means for all Americans to enjoy affordable choices in health benefit plans, in the same manner that Members of Congress have such choices through the Federal employees health benefits program.
SEC. 142. AFFORDABLE HEALTH CHOICES FOR ALL AMERICANS.
